
The Add Button in the Overlay Information Window of the YWD Dayplanner provides the following facilities:

- o URL Window - The URL Window is where the user type in the URL of the person's calendar address to add to the display.

- o Add Button - After the user input the URL of the calendar, pressing the Add button confirms the input and adds the other person's dayplanner in the overlay information.

- o Cancel Button - The user have the option to cancel the Calendar URL input. This will cancel the add button operation.
