
The Group Button of the Overlay Display provides the following facilities:

- o OK Button - This is used to confirm the selection in the Selection Window.
- o Cancel Button - This is used to cancel the Group Button operation and return to main screen.
- o Scrollbar - This is used to scroll through the groups if the window cannot display them all.
- o Selection Window - There will exist a list of groups in the selection window for the user to choose from. When the user choose a certain group, all the people's calendar included in that group will be displayed. To specify who belongs in what group, the user must edit a' configuration file in their account and stores the URL to the people's calendar.
